

Reorganization of the School of Science (SoS) into Two Independent Schools

GSFC University Academic Division

Office Order No. Registrar/092026/344

Date: 01.09.2026

01. Preamble

The **School of Science (SoS)** of GSFC University has been functioning with academic programmes and activities covering diverse domains, including **Life Sciences** and **Chemical Sciences**. Considering the growth potential of the Life Sciences domain, the expanding academic and research activities, and the increasing scope for stronger industry alignment in the area of Chemical Sciences, a review of the existing structure of the School of Science was considered necessary.

During the **35th Meeting of the Governing Body (GB)** and **36th Meeting of the Board of Management (BoM)** of GSFC University, the matter regarding the restructuring of the School of Science was deliberated in detail. The Governing Body and Board of Management considered the academic, research, institutional and industry-oriented aspects of the proposed restructuring.

02. Decision

After due deliberation, the **Governing Body and Board of Management** accorded approval for the reorganization of the existing School of Science (SoS) into the following two independent Schools :

1. **School of Life Sciences (SoLS)**
2. **School of Chemical & Industrial Sciences (SoCIS)**

The reorganization shall be administrative and organizational in nature and shall not affect the existing curriculum, sanctioned intake, statutory/regulatory approvals, academic regulations, or service conditions of faculty and staff.

All concerned Schools, Departments and administrative units are requested to take necessary action for implementation of the above decision and update their records, systems and official communications accordingly.

The above reorganization shall come into force with immediate effect.
