GSFC University Strengthens India–Vietnam Academic Connect Through MoU with UEF, Vietnam

Vadodara, 18 September 2026: GSFC University further strengthened its international academic engagement with Vietnam through the signing of a Memorandum of Understanding (MoU) with the University of Economics and Finance (UEF), Vietnam.

The MoU was signed on behalf of GSFC University by Prof. (Dr.) G. R. Sinha, Provost, GSFC University, with Dr. Nhan Cẩm Trí, Vice President, University of Economics and Finance (UEF), Vietnam, representing UEF. The partnership with UEF will create opportunities for student semester exchanges, international internships, academic interaction and knowledge exchange, particularly benefiting students of the School of Management & Entrepreneurship. It will also provide exposure to emerging interdisciplinary areas such as Management, Entrepreneurship, Finance, FinTech, Artificial Intelligence (AI), and the integration of Technology with Business and Management.

The collaboration will enable students to gain international academic and industry exposure, complementing classroom learning through semester exchange programmes, internships and cross-cultural engagement. It will also open avenues for faculty interaction, joint research initiatives, AI-focused research and innovation, joint academic programmes, workshops and knowledge-sharing activities between the institutions.

The visit also included Dr. Bui Phan Anh Thu, Dean, HUTECH University, Vietnam, an MoU partner of GSFC University, providing an opportunity for further discussions on taking this partnership forward through academic collaboration, student mobility, internships, interdisciplinary initiatives and joint research in emerging areas such as AI and technology-enabled education.

The signing ceremony was attended by the Registrar, Deans, Heads of Departments and Associate Deans of GSFC University, reflecting the University's continued commitment to strengthening global academic partnerships, fostering collaborative research and creating meaningful international opportunities for its students.
